*I have an old cowboy hat  
standing in a saddle rack,  
two companions born from one force  
we are a free spirit riding a horse.*

*I have an old cowboy hat  
with western memories I'll never forget.  
Now standing in a special place of my heart,  
turns our adventures into a Piece of Art.*

Western sofa is similar to the original design of the Western armchair that rescues the image of a cowboy hat standing in a saddle rack. The top performs the concave hat with rounded tabs and the band around it turns into a comfortable cushion. The base in walnut approaches the structure and color of the saddle rack.
